

Formosan Journal of Surgery

Transfer of Copyright Agreement

The undersigned author has submitted a manuscript entitled:

for publication in the of Formosan Journal of Surgery (*Formos J Surg*). The author transfers without compensation, to the *Formos J Surg*, during the full term of copyright, the exclusive rights within the Republic of China comprised in the copyright of the Work, including the right to publish the Work and the material contained therein throughout the world, in all languages, formats, and all media, and to license others to do so. The author, however, retains the following:

1. Rights to trademarks and patents relating to the Work.
2. The right to make copies of all or part of the Work for the author's use in classroom teaching.
3. The right to use, after publication, all or part of the Work in a book or collection of work by the author.
4. The right to produce copies of the Work for internal distribution within the institution which employs the author, or for marketing activities.
5. The right to make oral presentations from the Work.
6. The author agrees that all copies made under any of the above conditions will include a notice of copyright and a citation to *Formos J Surg*.

The author guarantees that the Work is the author's original work, that it is submitted only to *Formos J Surg*, and that it has not been published before.

If the Work was prepared jointly with (an) other author(s), the undersigned author represents that(s)he has notified the other author(s) of the stipulations of this Agreement and has obtained their agreement to it and their permission to sign on their behalf. If the Work was prepared for the author's employing organization in the course of employment, and if the copyright is owned by the employer, then the employing organization must agree to the above stipulations and must sign this Agreement in the space provided below. If any submission being accepted by *Formos J Surg*, the authors agree to grant *Formos J Surg* to sublicense National Central Library or any other database provider to reproduce, transmit publicly by Internet, download, print and browse by authorized users. The submissions may be changed in order to meet the requirement of such database.
